## 1049 LED Sign Lighter OR RE1049LED Sign Lighter Retro-Fit Conversion Kit

The 1049 LED makes larger sign lighting easy with its two 1/2" pipe size knuckles for easy mounting, either from the ground or overhead. The clear acrylic lens is held in place with six stainless-steel over-center catches for quick and easy removal to access the fixture interior for wiring. Standard finish is black powder-coat over aluminum for a durable, long-lasting appearance however virtually any color may be applied as an option. With 2 – 18 Watt Military qualified and ABS (American Bureau of Shipping) approved and UL Listed #1598C T8 LED or the 33 Watt Circuit Board Strip light sources, this fixture provides superior illumination when compared to the equivalent light output of 2 – F32T8 and superior cost efficiency of T5HO florescent bulbs. With up to 50,000 full life hours, this LED fixture is economical, Eco-friendly and has a **5 YEAR (+5 YEAR PRORATED WARRANTY ON SELECT LED LIGHT SOURCES)!**
