

# 2049 "Atlantic" LED Low Profile Interior Mini Light

The Illumacorp 2049 LED mini-light puts out 1240 lumens for a miserly .6 amps on 12V DC. Input voltage can vary between 9 and 36 volts dc with consistent light-output performance. Also available in 120 volts ac. The small size (4-1/2" by 7-1/4") makes installation in small areas, compartments or on overheads simple and easy. Ruggedly built here in the U.S. using circuit boards, lens and back plates produced in Florida, the fixture carries a 3-year full warranty and is as efficient as current technology allows. Four holes for mounting are exposed when the lens is removed; using two of the four mounting holes is sufficient. The lens is gasketed and meets IP65 rating criteria; all fasteners are stainless steel.

*New low profile design*

1240 lumens / .6 amp on 12VDC

4 1/4" W x 7 1/8" L x 1 3/4" D

IP65 rated

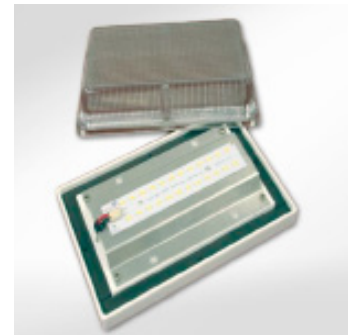

3 year full warranty

Proudly manufactured in the USA

# 2049 "Atlantic" LED Low Profile Interior Mini Light

## Component Features & Specifications

- Construction:** NEW LOW PROFILE DESIGN  
4 1/2"W x 7 1/4"L X 3/4"D.  
Marine polymer back plate, acrylic prismatic lens, neoprene closed cell foam gasket, and stainless steel lens screws. LED Only. Flush Mount.
- Finish:** Marine polymer - White or Black
- Mounting:** Surface mount
- Electrical:** .6 amps or 7 watts on 12 volt DC.
- Light Source:** LED circuit board, 1240 Lumens, 5000K
- Light Output:** Approximately equivalent to 26 Watts of Compact Fluorescent Lamps
- Options:** 120 Volt AC
- Warranty:** 3 year warranty
