Energy Efficient Lighting Fixtures, Retrofits, and
Custom Design Fixtures

3016 Series Accent Bollard

The 3016 Series Bollard is a great accent fixture that can be used to illuminate walkways, landscape areas and anywhere that subtle lighting is needed. Available in Compact Florescent and now **10 Watt LED version**, this fixture is both esthetically attractive and energy efficient. Constructed of aluminum with Stainless Steel hardware and a clear Polycarbonate lens, the Accent Bollard can be installed with direct burial or anchor base mount. Offered standard in black, white or bronze powder coat, however, optional colors are available.
